Subject: Freedom of Information Act Request Number EPA-R7-2016-003761, Big River Mine Tailings Superfund Site, St. Francois County, Missouri, Bone Hole County Park

Dear Ms. McIntosh:

This will confirm our telephone conversation of today regarding the above referenced Freedom of Information Act Request, in which you agreed to limit your request to those documents in EPA Region 7's electronic site file for the Big River Mine Tailings Superfund Site, and you also agreed that EPA may respond to this request with a rolling response beginning on March 14, 2016. This will confirm that EPA will prioritize its response to first produce any documents related to the legal description of Bone Hole County Park, followed by any documents that relate to EPA's basis for its determination that Union Pacific is a potentially responsible party for Bone Hole County Park. EPA will then respond to the remainder of the request.

In order to process your request, EPA requires financial assurance from you in the amount of \$2000.00. We cannot begin processing your request until we receive assurance from you. You may confirm your agreement to provide financial assurance by return email. If you would like to contact me to discuss this matter, my contact information is below. Thank you.
